Ms. Jane Henney, M.D.
Commissioner of USFDA
5600 Fishers Lane, Room 1471
Rockville, MD 20857

Dear Ms. Henney:

I just finished reading an article regarding genetically engineered foods (GMO's) which can introduce new allergens to the food supply, as well as contributing to the rise of antibiotic-resistant bacteria. I do not want to eat these foods inadvertently. I want to know if the government is going to be labeling any foods which are genetically engineered.

Please respond to my concerns at your earliest convenience.

Sincerely,

Carol Holland
